

# DON POWELL • DRUMS

Simple and straightforward  
Solid at the back  
The metronome that beats the heart  
That keeps it all on track  
No nonsense and no messing  
Something stick-ed this way comes  
Chewing gum and chewing gum  
Don Powell drums

No fuss behind the bluster  
The power and the drive  
The soul, the roll, the motion  
The sound of Slade alive  
The rhythm never failing  
The tape around the thumbs  
Chewing gum and chewing gum  
Don Powell drums

Bang bang bang relentless  
Essential to the mix  
The Gordon Banks of rock and roll  
The man between the sticks  
World class and reliable  
Everyone succumbs  
Chewing gum and chewing gum  
Don Powell drums

Perfect time and time again  
Locomotive rhythm  
The power in the glory  
The driver and the driven  
The rat-a-tat-a-tat attack  
Of firing gatling guns  
Chewing gum and chewing gum  
Don Powell drums

The symbol of success  
The fills without the frills  
What you see is what you get  
The skills behind the thrills  
The granite firm foundation  
For fluid bass line runs  
Chewing gum and chewing gum  
Don Powell drums

The singer sings the melody  
That we all sing along to  
Know all the words that we have heard  
And every single song too  
The silver star and his guitar  
Six strings are things he strums  
Chewing gum and chewing gum  
Don Powell drums
