127B INT. SOUTHAMPTON HOTEL - GROUP'S SUITE. DAY

127B

FLAMES from microphone.

STOKER

Jesus wept. You want me to sing
into that thing?

SOMMERS

It's perfectly safe....it functions as
a normal PA mike until you press the
button here....try it.

STOKER complies. More flames.

STOKER

Oh yeah. I'm not sticking me face
over that.

SOMMERS

Come on, Stoker, think of the effect -
flames, power, sexual symbolism....

CHARLIE

Yeah. He'd be a real prick with his
eyebrows on fire, wouldn't he?

STOKER

I tell you what, mister publicity man -
you can take it home and kill the weeds
with it if you like it so much. I'm
not singing into that.

Phone rings.

BARRY

(on phone)

Yeah? Okay.

(to others)

C'mon. The car's waiting.
